Contributing to a
new generation of
entrepreneurial
teachers in Europe

The PIETE Project

www.entrepreneurialteachers.eu

The creation of these resources has been (partially) funded by the ERASMUS+ grant program of the European Union under grant no. 2018-1-DE01-KA203-004276. Neither the European Commission nor the project's national funding agency DAAD are responsible for the content or liable for any losses or damage resulting of the resources

To reach new horizons in pursuit of economic growth and innovation, European education institutions need to ignite entrepreneurial spirit among learners of all ages

We raise awareness

of the benefits of entrepreneurship education among initial teacher training staff at the university level

We investigate

the perception of entrepreneurship education among initial teacher educators

We develop

teaching/ training materials to support entrepreneurial skills development in initial teacher education programmes

We build

long-lasting relationships between experts of initial teacher and entrepreneurship education programmes

Funded by:

Funded by the Erasmus+ Programme of the European Union

DAAD

Deutscher Akademischer Austauschdienst
German Academic Exchange Service

The PIETE Project

The PIETE Project (Partnership for Initial Entrepreneurship Teacher Education) is a 3 year Erasmus+ funded initiative to bring entrepreneurship education and initial teacher education experts together to foster entrepreneurial skills development in pre-service teacher training programmes (ISCED level 3-4). To realise the PIETE project aims, we aim to develop a set of open education resources (OERs)- PIETE outputs, and undertake training activities.

PIETE outputs
